## CONSTRUCTION NOTICE

### **CLEARMONT DRIVE, WESTVIEW DRIVE & HARMONY LANE WATER MAIN IMPROVEMENTS**

The Village is scheduled to begin a water main replacement project adjacent to Clearmont School on October 6, 2014.

The Village has awarded a construction contract to Swallow Construction for the installation of new water main along the following Village roadways:

- Westview Drive from Brookhaven Drive to Clearmont Drive
- Harmony Lane from Placid Way (east) to Westview Drive
- Clearmont Drive from Westview Drive east to Hemlock Drive.

Weather permitting construction of the water main along Westview Drive from Harmony Lane to Clearmont Drive; and Clearmont Drive from Westview Drive to Ridge Drive will be performed over the Columbus Day weekend (October 10 through October 13). The new water main will be installed along the west side of Westview Drive and the south side of Clearmont Drive. The water main trench will be backfilled with gravel for approximately four (4) weeks at which time a final asphalt surface will be placed.

Throughout the project, residents are asked to observe No Parking restrictions along the west side of Westview Drive and south side of Clearmont Drive during the hours of 7:00 a.m. – 7:00 p.m.

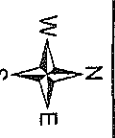

With any construction project there is a fascination for children to play in the area. We encourage parents to keep their children away from the construction area. If you observe a condition that you believe should be corrected, please contact either Public Works or the non-emergency police information center at (847) 357-4100.

If you have any questions or concerns, you may contact Brian Lovering, Senior Engineer, Public Works Department at 847-734-8800. Additional information about this program may be viewed at [elkgrove.org](http://elkgrove.org).

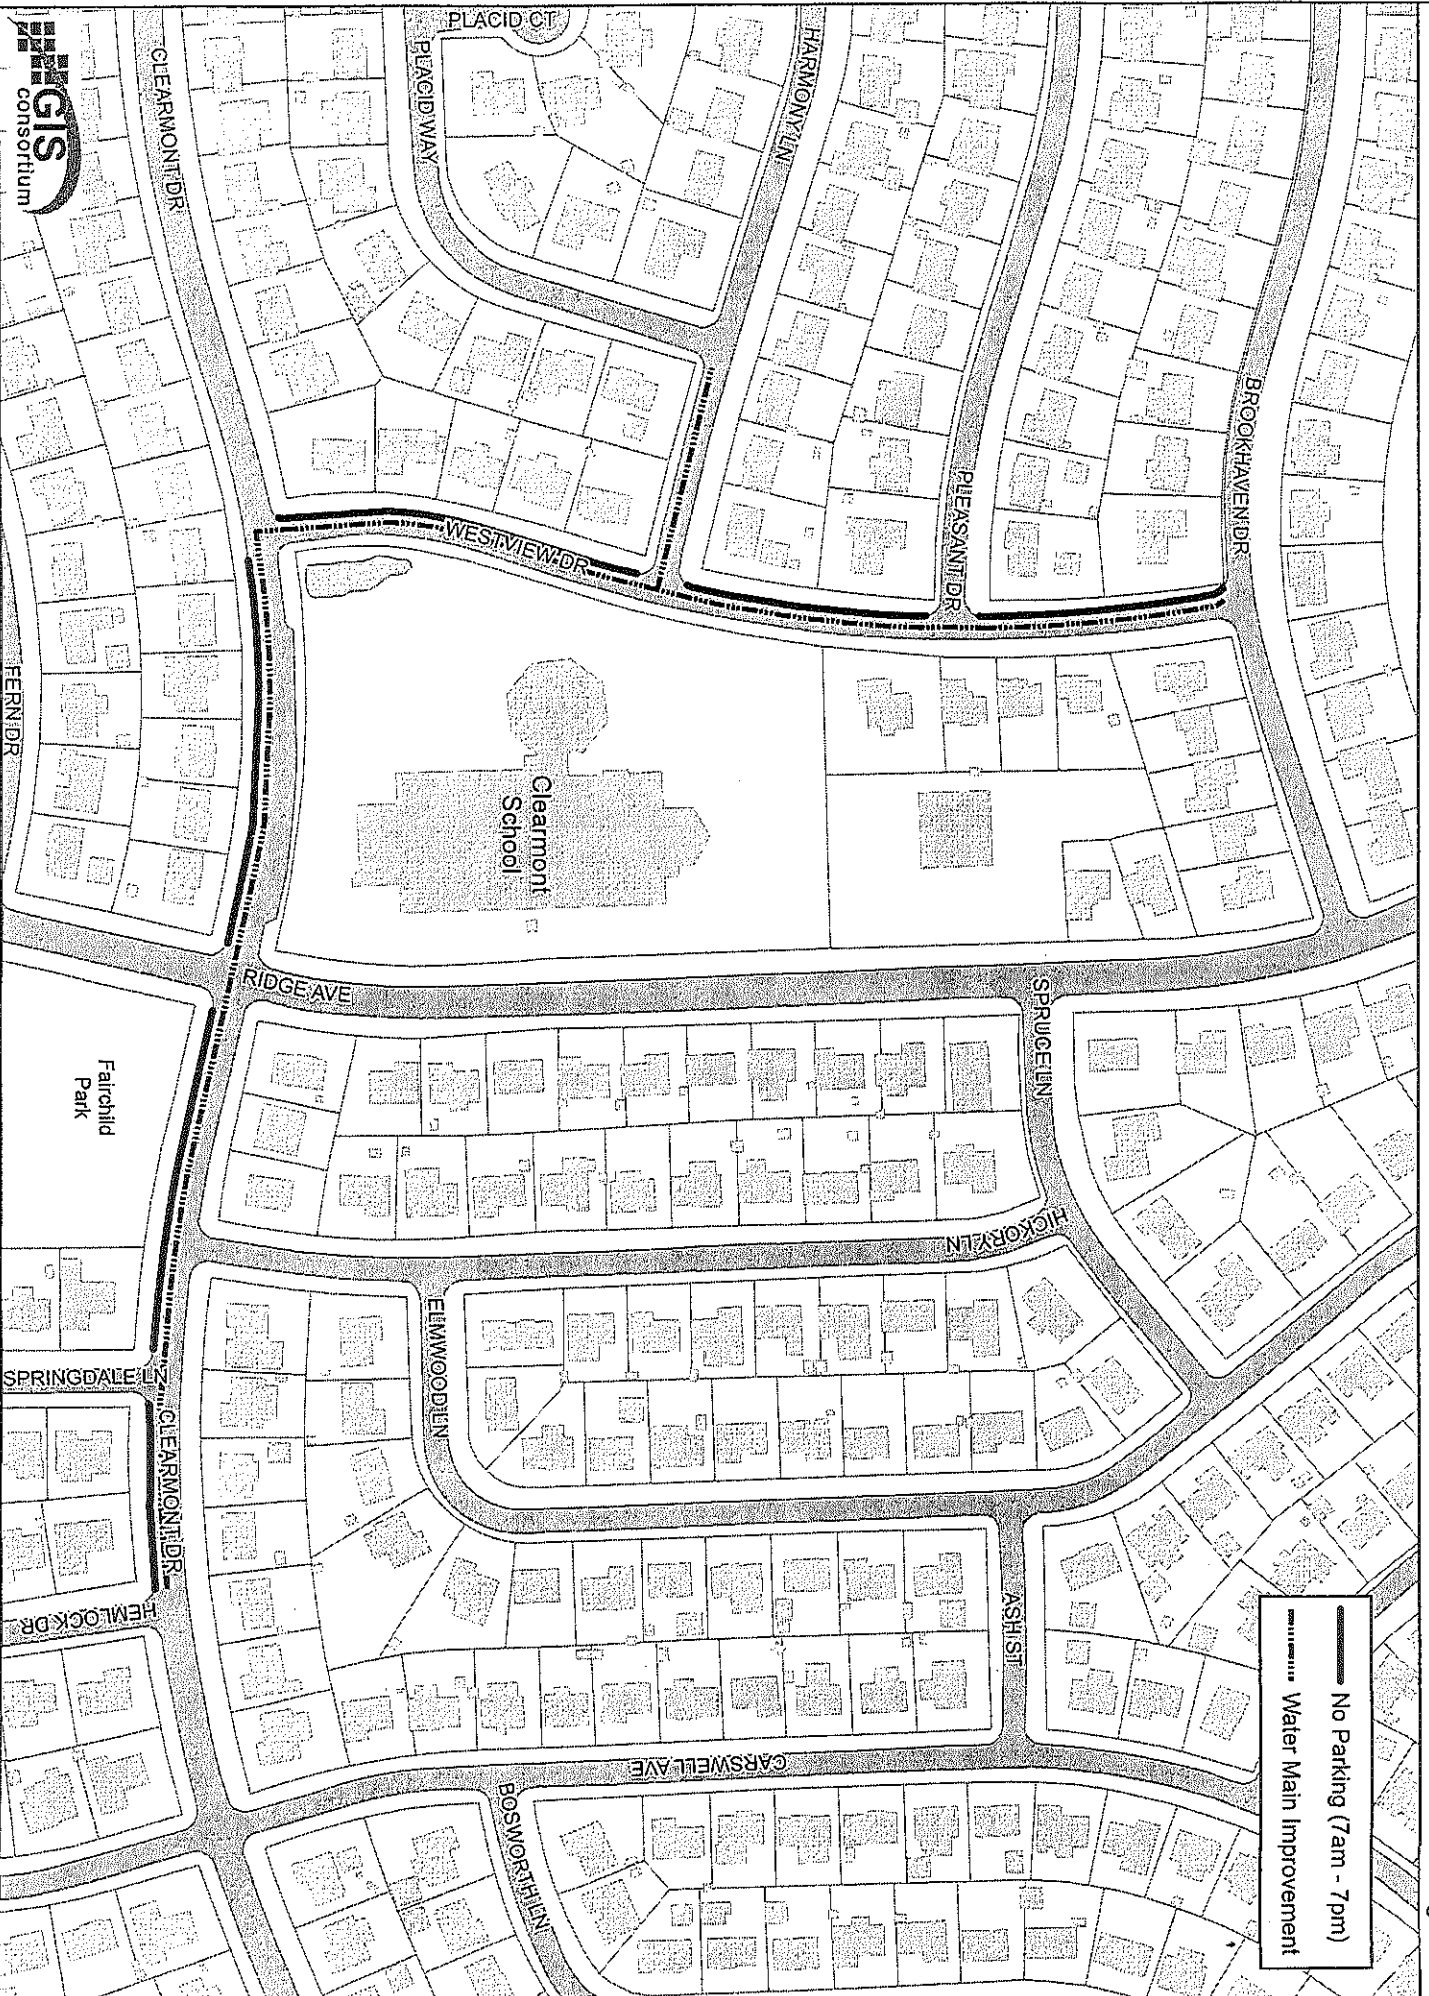

Our goal is to complete this project with a minimum of disruption to our business community. We will do our best to keep your inconvenience to a minimum. Thank you in advance for your patience and understanding.
